

For immediate release

October 25, 2021

MEDIA RELEASE

We are sad to announce the resignation of our Return to Health Coordinator, Margo McIntosh as of September 27, 2021. Margo has successfully supported the Volunteers of the Return to Health Program since January 2019 and has decided to pursue other opportunities in the private sector.

We are thrilled to welcome Karin Harrison to the role. Karin brings over 19 years' experience in the health arena as a Recreation Therapist and most recently supporting the After Stroke Program for March of Dimes. She has hit the ground running and please say hello if you see her in the community supporting our local seniors.
